Fitness Class Descriptions – Wellness Center

BOOM Move It: is a heart-healthy, cardio workout featuring dance-style choreography. Songs and steps can be drawn from just about any era, genre and style of music and dance. Classes may feature a signature “Group Groove” where class participants perform a group dance, or a “Combo Dance” that summarizes all of the movements taught in class.

Get On The Ball: Uses large exercise balls to increase strength, flexibility and balance exercises. This class will strengthen your core and improve flexibility, muscle tone, and posture in a fun and positive atmosphere.

YogaFit+Pilates: A workout combining the mind and body practices of Yoga, Pilates, as well as the principles of stretch, strength training, conditioning and dynamic movement. Class is moderately advanced and includes standing positions and mat floor work.

Balance & Strength: Perfect for all fitness levels. This class will help with strength, posture, and improve daily activities.

Beginner Tai Chi: Discover the benefits of Tai Chi with this easy to follow class. Tai Chi improves overall well-being, balance, agility, strength, and coordination.

Stretch: A relaxing stretch class which incorporates various standing, seated and floor exercises to help promote activities of daily living (ADLs). Includes core work, balance, flexibility, range of motion, strength, and coordination; All while enhancing healthy joints, preventing muscular injury, and promoting overall well-being.

SilverSneakers Classic: Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement and activities for daily living. Hand-held weights, elastic tubing and ball are offered for resistance. A chair is available if needed for seated or standing support.

SilverSneakers Yoga: Will move your whole body through a complete series of seated and standing yoga poses. Chair support is offered to safely perform a variety of seated and standing postures designed to increase flexibility, balance and range of movement. Restorative breathing exercises and final relaxation will promote stress reduction and mental clarity.

SilverSneakers Circuit: Combine fun with fitness to increase your cardiovascular and muscular endurance power with a standing circuit workout. Upper-body strength work with hand-held weights, elastic tubing with handles, and a SilverSneakers ball is alternated with low-impact aerobic choreography.

Silver&Fit Explore: Designed for older adults who are just getting started or are returning to an exercise routine. This is a gentler, slower workout, with seated exercise options for the more de-conditioned individual, with extra care to explain the moves and how to safely integrate exercise as part of daily activity. A goal of this program is to enable the older adult who does require in chair exercise to progress to freely stand and be stable.

Interval Training: A total body, aerobic and strength conditioning workout. This interval based class combines full-body strength training with cardio bursts designed to tone and improve your endurance. Modifications for all fitness levels provided.
